

Net pricelist (8/2024) for our catalogue „Christmas 2024“ (update)

Minimum order value for our existing clients is 300.00 net; for new customers 500.00 net. **For orders amounting 2,000.00 or more, goods shall be forwarded carriage free German border** (except Furniture), **so that only 70% of the freight charge must be paid by the consignee.** Partial deliveries cannot be avoided. Product measures might differ slightly from the actual size of an item. We assume no liability for any printing errors. The product code indicates whether the item consists of several pieces. The General Business Terms and Conditions mentioned on the enclosed order form are accepted by you.

Items can only be ordered from their minimum quantity on **(MQ)**. The more favourable graduated price is valid for ordered quantities noted in column **scale2** and **scale3**.

Nevertheless, you may also order a quantity not corresponding exactly with the scale - but beyond the minimum quantity.

The consistence of an item is due to the shortcut **S/** whereas the figure behind the S shows the quantity of pieces the item consists of. The price always applies to one unit per item.
